after-school programs

Help Students Be The Best They Can Be

We believe that sport is a metaphor for life. In addition to technical skills, children learn problem-solving, teamwork, leadership, respect and perseverance.

These are the fundamentals upon which the Great Goals program has been conceptualised and will remain our focus going forward.

About Great Goals

Virtual After School Sports

Great Goals provided our students with high quality instruction, positive interactions with the students, and showed the ability to adapt to the virtual learning environment without skipping a beat!

After just 10 lessons of virtual soccer classes, the students improved in agility, ball control, and fitness. By having 2 or 3 instructors in each class, the students really do get the instructions and feedback they need to grow.

Redwood League

Great Goals is just that, great! They look at the sport of football as more than just a game. It's a way of life, just like Montessori. They share the same common goal, the child.

The Redwood Football League brought children of all different strengths and capabilities on to the pitch and Great Goals transformed them into a team, that played together, lost together but at the end of the day walked away from the field with an amazing team spirit, with a love of the game

Eureka Schools

On-Field Football
Online Fitness and
Football
Online Sports Day

Great Goals has been conducting weekly football and fitness classes for children in both Eureka Schools since 2016. These classes have helped our students in many ways – good physical exercise, consistent training to play football better, improved concentration, confidence and teamwork.

Great Goals continued to run virtual fitness classes for about 50 of our students who had access to internet connectivity. This offered a great opportunity for children to stay physically fit & excited during the lockdown.

The Great Goals coaches are very professional, child-friendly, appreciative and keep motivating our students to do better. We are very happy to be associated with them.

On-Field Football

From January 2018 to March 2020 Great Goals offered twice weekly football classes for the Primary School children.

We would like to thank the Great Goals team for their commitment, effort and expertise. The children enjoyed it enormously and we could see the difference in their confidence levels. We hope to continue this partnership for years to come.

*Anjali Maya Eashwar Narayanaswamy
Hon. Secretary*

We assure you that the child is at the center of everything we do. Every school is unique. We curate our in-school programs based on school ethos, values and student interest.
